**NOTICE TO:
INFLATED AMUSEMENT DEVICE OWNERS and OPERATORS**

RE: Requirements for Certification of Inflated Amusement Devices

This notice is intended to clarify the requirements for certifying inflated amusement devices.

Alberta Safety Codes Act and Alberta Regulation AR-28-2012 requires inflated devices be certified and inspected if they meet both type and event definitions as listed below:

Types:

- 1) Inflated Slides
- 2) Inflated Bounce Devices with a jump surface higher than .25m from the base that are fully or partially enclosed above the jump surface.

Events:

- 1) Public

Public events are those where the general public is allowed to attend. They include, but are not limited to, fairs, carnivals, street or block parties, and amusement parks.

The owners of devices operating at public events are required to submit an itinerary for the operating season. (Changes to the itinerary are accepted).

Private events or places where access is restricted to invited guests organizer (i.e. company events, private parties, church functions, etc.) do not require certification or inspections. If you are unsure as to the classification of an event please contact AEDARSA for a determination to be made.

Please visit our web site at www.aedarsa.com for all required forms, fee's and links to the CSA, and Queen's printer sites as well as other information.

To obtain the necessary forms to register your inflated device(s) please contact the AEDARSA Edmonton office 1-888-222-7281 ext 0.

If you have any questions please contact me at the numbers below.

Sincerely,

Dean McKernon
Safety Codes Officer
