

AEDARSA Shutdown List - 2020

Date	Type	Date
05-May	Passenger Hydraulic	Damaged hydraulic jack follower guide
07-May	Escalator	No maintenance items completed (4 yrs)
07-May	Escalator	No maintenance items completed (4 yrs.)
07-May	Escalator	Missing step treads and excessive step wear
08-May	Passenger Traction	Missing seal on Governor adjustment
11-May	Escalator	Broken landing plate switch
11-May	Escalator	Exposed truss (uncontrolled access)
12-May	Escalator	Exposed truss (uncontrolled access)
13-May	Passenger Traction	Excessive rope stretch causing counterweight to buffer out
14-May	Escalator	Handrail tension (low)
14-May	Passenger Hydraulic	Low pressure switch failed (electrical and mechanical)
15-May	Passenger Traction	Emergency brake pads excessively worn
15-May	Escalator	Combplate safety switch not functioning
15-May	Escalator	Handrail inlet switch not functioning
19-May	Passenger Traction	Seal missing on Pull through spring on governor
19-May	Passenger Hydraulic	Non compliance with INITIAL directive: Missing safety retainers
20-May	Escalator	Excessive cracks/damage in handrail
20-May	Escalator	Step Track is cracked and showing signs of metal deformation
20-May	Passenger Traction	Car Door Restrictor and Alarm Bell not working
20-May	Passenger Traction	Brake pin backing out (missing clip)
21-May	Passenger Traction	Seal missing on Overspeed Governor/Counterweight contacting Buffer
20-May	Passenger Traction	Brake Monitor switch failed, device continued to run
21-May	Passenger Hydraulic	Low pressure switch failed (electrical)
21-May	Passenger Hydraulic	Car door restrictor not functioning
22-May	LPPD- Vert Encl	The Safety Operated Switch did not activate when safeties applied
22-May	Freight Hydraulic	Hall Doors can open manually (car away from Landing)/Anticreep not working
25-May	Passenger Hydraulic	Top hall door can be opened from hall when elevator is not at landing
25-May	Passenger Hydraulic	Car door restrictor not functioning
26-May	Passenger Traction	Governor seal is missing & Hoist Rope shackle installed incorrectly
27-May	Passenger Traction	Car door restrictor not functioning
28-May	Dumbwaiter	Gate switch did not function
28-May	LPPD- Vert Encl	Low Pressure switch not working and missing seal on relief valve
29-May	Passenger Traction	Excessively worn Governor Tension Sheave
29-May	Passenger Traction	Seal missing on Overspeed Governor & Overspeed switch failed
29-May	Passenger Traction	Car door restrictor not functioning
29-May	Passenger Traction	Governor seal is missing & FEO function not working
29-May	Passenger Traction	Governor seal missing, Emergency exit blocked, Damaged Comp rope
29-May	LPPD- Vert Encl	Landing door interlock failed to prevent lift from operating with door open
