Guide for Owners and Persons in Charge

Alberta Elevating Devices and Amusement Rides Safety Association (AEDARSA) has been delegated by the Minister of Municipal Affairs to undertake accident/incident investigations for the Province in the Elevating Devices Discipline.

When an accident/incident involving an elevating device occurs, the owner or person in charge **must** notify AEDARSA as per the criteria below:

- For accidents/incidents resulting in *fatalities, injuries that require medical treatment or serious damage to equipment*, the **first step** is to telephone our nearest office.

For locations NORTH of Red Deer, contact Edmonton
1-888-222-7281 or 780-448-0184

For locations in Red Deer and SOUTH, contact Calgary
1-888-333-6289 or 403-216-5750

- For accidents/incidents *that require first aid only*, it is not necessary to telephone our office, but a written accident/incident report is required to be forwarded to the nearest AEDARSA office.

Nothing should be touched or removed from the site and the surrounding area unless it is absolutely necessary to prevent further injury, loss of life or property damage. A Safety Codes Officer may complete an on-site investigation and file a report. The owner or person in charge will also be requested to submit an accident/incident report.

The requirement for reporting in the Elevating Devices Discipline is listed in the Administrative Items Regulation AR 16/2004.
